NEWLY-ELECTED officers of the Tri-Cities Independent Insurance Agents Association are, from the left — Charles Meyer, vice-president; S. Travis Gillin, president, and Robert A. Roulund, secretary-treasurer. They assumed their duties at a luncheon meeting of the association Monday at the Grand cafe.

Remodeling Of Former Post Office Studied

Taking note that it acquired possession of the former Granite City post office last week, the Granite City school board voted Tuesday night to have Architects Henry Galt and Associates prepare proposals for ultimate use of the building.

It was tentatively decided to defer building repairs and improvements until a design for the remodeling project is decided upon.

Yearly reports on alterations and use of the structure are to be submitted to the federal government during the next 20 years. Appraised at \$87,000, the ex-post office was obtained free except for a \$400 appraisal fee paid to the U. S. Department of Health, Education and Welfare.

The deed to the building and triangular block bounded by 20th street and Delmar and Niedringhaus avenues was presented Jan. 24 to the County Board of Trustees by R. Dale Wilson, Health, Education and Welfare assistant regional representative.

Athletic Equipment

During Tuesday's session, the board accepted athletic equipment bids totaling \$3432, including \$851 from Graham's Bookstore, \$815 from Economy Sporting Goods, \$573 from Champion Knitwear, \$410 from Black's Sporting Goods, \$200 from McArthur Sporting Goods, \$264 from J. N. Distributing Co., and \$241 from Markwort Sporting Goods.

Board Member Monroe Worthen and Business Administrator Victor Anderson commented favorably on expanded athletic equipment inventory procedures, described as stabilizing expenses and providing justification for supply requests.

Purchases based on school bookstore supply bids totaled \$1387—\$956 from Buxton & Skinner Co. and \$430 from Graham's Bookstore.

Office supply bid purchases amounted to \$1515—\$747 from Panama Beaver, \$444 from Franklin Carlton & Ribbon Co., \$288 from Dito, Inc., and \$36 from A. B. Dick Co.

Chamber Director To Be Named At Next Meeting

Appointment of a director to fill a vacancy on the Tri-Cities Chamber of Commerce board is among the business scheduled for the February dinner meeting at 6 p.m. next Tuesday at the Rose Hotel. The position is that of G. W. Holscher, who has resigned.

Other agenda topics include committee reports on Congressional action, tourist promotion, education, transportation, highway, housing, industrial development, membership relations and membership.

PREVENTIVE MAINTENANCE DEMONSTRATION. T. E. Rebert (standing center), methods director at St. Elizabeth Hospital, shows facets of new maintenance program to an industrial lay advisory representative from the community, John Phillips (standing left), supervisor of utilities maintenance at Granite City Steel Co. Standing, from left to right, are—Phillips, Paul Hopper, the hospital's chief engineer; Rebert; Albert McDonald, maintenance crewman, and Mrs. Alberta Garrett, maintenance clerk below. Below are Wayne Hollis (left), maintenance inspector, and Mike Thebaud, maintenance crewman. Group is gathered around cart used by preventive maintenance crewmen.

Mrs. Velma Winkelmann, 51, Dies Of Cancer

Former Nameoki school teacher Mrs. Velma (Wachter) Winkelmann, 51, Rural Route One, died at 2:15 p.m. Tuesday at Deaconess Hospital, St. Louis, where she had been a patient for a month. She had been ill with cancer.

Mrs. Winkelmann, a Quad-City resident all her life, was born in Venice and was a member of St. John United Church of Christ and of the Women's Afternoon Guild.

She is survived by her husband, Henry Winkelmann Jr., a brother, Reinder Wachter, Granite City; a sister, Mrs. Arthur (Sadie) Willard, Mattton, and her mother, Mrs. Mary Wachter, Granite City.

An obituary notice is given elsewhere in this issue.

GC Police Officers Named To IPA Committees

Two Granite City police officers have been named to committees of the Illinois Police Association, it was announced today.

Chief of Detectives George Tolar is a member of the competitive shooting committee, and Ronald Veizer was named to the legislative committee. Veizer also is a member of the detective unit.

New Maintenance Plan Initiated At Hospital

After nearly a year of intensive study and work, a new comprehensive control system for St. Elizabeth Hospital's regular and preventive maintenance programs has been put into effect.

T. E. Rebert, the hospital's methods director, said this week the new system enables the maintenance department to improve its worker efficiency by as much as 100%—thus cutting costs and improving hospital plant care.

The new system was celebrated at a coffee hour and a open house Tuesday afternoon at the new maintenance control office immediately behind the hospital along Iowa street.

Rebert and Paul Hopper, the chief engineer, demonstrated several of the controls and methods in the new system to hospital department heads, supervisors, employees and lay advisory guests.

Representing the lay advisory planning review board was John Phillips, supervisor of utilities maintenance at Granite City Steel Co.

Longer-Lasting

Rebert, who has labeled the program a big success, said one set of hospital equipment under such a controlled system can outlast three sets not controlled.

He said the mechanical equipment being protected by the system alone represents 40 to 50% of the hospital's total investment.

The study was boiled down to 26 pages and presented to the industrial lay advisory review board. Next all 12,500 properties and mechanical systems in the city, commerce, hospitals and other institutions.

WHEELHORSE FOR HOSPITAL. Mrs. Helen Bergfield (seated), president of the St. Elizabeth Hospital Auxiliary, presented the new tractor to the hospital maintenance department during an open house Tuesday. Standing, left to right, are—Paul Hopper, chief engineer; Mrs. Marie Zimmer, Auxiliary treasurer; George Dickman, yard maintenance man; Mrs. Mary Opich, Auxiliary secretary, and Albert McDonald, maintenance crewman. The small tractor can be used to clear snow cut grass, mowing and other outdoor tasks.

One Vote Blocks Program

which paragraphs were read and also several requests for written legal opinions—not only from City Atty. George Filloff Jr. but also a Springfield attorney for the Illinois Municipal League.

Mrs. Bettine supported the stand taken by Alderman Walter Nomm, who first objected to the motion for reconsideration made by Alderman G. H. Sternberg. He contended that an alderman who had originally opposed the resolution had to make the motion.

Nothing Found In Books

Nothing was found in the rule books for this, and Atty. Filloff, who was besieged for legal opinion requests, agreed with several of the aldermen who contended the majority group should be permitted to call for reconsideration.

Mrs. Ruby Hollis, 58, Dies; Ill Six Weeks

Mrs. Ruby Pearl Hollis, 58, of 2601 Pine street, died at 3:15 a.m. Tuesday at St. Elizabeth hospital after a six-week illness.

Mrs. Hollis, who had been in the hospital three days, was born in Green Castle, Mo., and moved to the Quad Cities 21 years ago. She lived in Madison 20 years and for the last year resided in Granite City.

Supporters of the Program

A full-time city engineer pointed out after the vote that the proposal was for the benefit and welfare of Granite City in providing full-time engineering service for the city rather than a consulting engineer.

McGee's Veto

The mayor's veto was read by Clerk Stevens at the start of the session, and the mayor called for a motion to override. However, all of the aldermen were not yet present. Boyd and Basarich were late in arriving—and the motion by McGee failed to bring forth a second.

McGee's Veto

The council went on to challenge the legality of vetoing a resolution, since it did not carry an appropriation or call for an expenditure. Filloff gave his opinion that the mayor could veto any resolution or ordinance.

The Council

The council went on to other business, with the mayor frequently calling for an adjournment motion. His suggestions were quietly down. Basarich ar-

and \$33,924 in the Bank of St. Louis (Mo.), which had \$1,135,982 at the end of the 1962 fiscal year.

Quad-City officials on levee district payroll last year included Madison alderman J. Doyle and Leo R. Granger, all Christ Costoff, a covert inspector of Chicago, John A. Graham of Barrington, Edward G. Free of Briggs, covert inspector, \$667, and Venice township highway commissioner Frank Kimach, assistant superintendent of the Madison county office, \$2076.

Payments to Levee District

Payments to levee district officials were \$228 to board of president Lawrence Tolar, in Sherwin Wilms of Skokie.

Disbursements for Legal Services

Disbursements for legal services were \$5789 to John Spague, \$3019 to Joseph Gold, and \$2379 to John Hoban.

Proposals of the Resolution

The resolution would have given the Street and Alley and the Finance committees authority to submit at least two names of engineers to the mayor for consideration, and the Finance committee also was to set the pay for the engineer.

Proposals of the Resolution

Proponents of the resolution have stressed that the municipal code calls for the appointment of a city engineer rather than a consultant. The purpose of it, they said, was to direct the mayor to do his duty. "Actually it really shouldn't be necessary; the mayor should have been doing it," the committee members stated.

State Candidates

Candidates for governor are Democrat incumbent Otto Kerner of Glenview and Republican Barnett J. "Barney" Neidle of Chicago. Charles H. Percy of Kenilworth, William J. Scott of Evanston, Alfred A. Skalkish of Chicago Heights and Dally.

Brownies Witness Action On Alarm

Brownies of Sacred Heart Annex Troop 181 witnessed a realistic demonstration of firefighters going into action yesterday afternoon.

The 21 members and their leaders were making a tour of the new Granite City fire station when the alarm sounded.

The girls and their leaders, Mesdames Patricia Green, Sally Koller, Cheryl Sulic and Joann Ripper, saw the firemen scamper to a wood fire in the 2800 block of Lincoln avenue.

It was exciting, though," the girls and leaders agreed.

Dr. E. L. Rauth, both of Belleville.

Candidates for alternate delegates are Democrat William H. Jenkins of Woodstock and Frank M. Summers of East St. Louis, and Republicans Patricia Diane Green of East St. Louis, Russell H. Classen of Freeburg and Dr. Harry Mantz.

Venice Squad Downs Bunker Hill 65-59

To Take MCM Lead

Venice's Red Devils, after an important victory over the Bunker Hill Minutemen, are in excellent position to win their first conference championship in a decade.

The Devils downed the Minutemen 65-59 Tuesday night at Bunker Hill to take undisputed possession of first place at the halfway point of the Madison-Clinton-Macoupin Conference season.

Venice now has a 5-1 MCM record, with Bunker Hill standing at 5-2. But the Devils have already beaten the Minutemen twice and will face only the lower teams in their remaining six conference battles.

Coach Bill Ohlendorf, while pleased with the Devils' Feb. 4 and 13, Venice also meets Livingston in the season finale Feb. 21. The other games are Feb. 7 with Worden and Feb. 11 with Wesslin, only team to beat the Devils.

Venice rolled to a healthy 29-19 lead Tuesday night and was ahead 50-34 after three periods. That big haul enabled the Devils to hold off the Minutemen, who outscored them 25-15 in the final period.

"We played real well in the first three quarters," said Ohlendorf. "Then they got real hot and we got a little sloppy." Leading the Minutemen's fourth-quarter surge was Don Chestnut with 10 points.

Essington Hits 25 Freshman Rich Essington hit nine of 12 field goal attempts and sank seven free throws to lead Venice with 25 points. Mike Edwards added 16. For Bunker Hill, Chestnut, Bob Kampwirth and Mike Morrison scored 14, 13 and 10 points, respectively.

Paul Stinson, the Devils' inky senior rebound star, reentered a team game after being ejected in the third quarter. He centered the game in the fourth quarter, was unable to move off effectively and returned to the bench. He and John Robertson had 14 rebounds each and Mike McMullen had 12. Venice led in that department 48-36.

Bunker Hill pulled to within four points of the Devils, 60-56, in the final period.

The host team won the junior varsity game, 44-40. Denny Hill scored 11 and Bill Getz had 10.

Lat Title In '54 Venice's last championship was in the 1953-54 season, when a fellow member Bill Ohlendorf was a sophomore and the regulars: Mike Reynolds (13-6), Jerry Lapinski (13-11), Kerry Cavanaugh (5-0), Mike Nicholson (8-7), Tom Mofsky (12-5), Bourbon Stark (5-7-2), Ernie Kern (7-10), Steve Cavanaugh (8-3), Dan King (12-3), Mike Mounce (5-10), Mike Andria (1-4), John Evenden (12-5), Rich Bledsoe (9-1) and Jim Valicoff (8-4-1).

Granite City squeezed out a 12-2 triumph in the junior varsity competition. Winners on falls were Rich Hodshire (103 pounds), John Brooks (112) and Gary Edwards (135). Tied decisions were Rich Costoff (95), Rich Grizzard (127) and John Kozak (135).

John McMillan (138), Frank Jernigan (154), John Jernigan (180) and heavyweight Dave Brownridge (237) were held to a draw. Losing their bouts were Bill Gibson (127), Dan King (133) and David Stoppotte (154).

Warriors Play Flyers, Tigers

Time, as it fits habit, marches swiftly on and, with it, the high school basketball season.

It hardly seems it was more than two months ago that the Granite City Warriors opened their schedule with a 65-62 success at Cahokia. And now with 15 games behind them, the Warriors have only seven games remaining before the post-season tournaments begin.

Two of the most interesting contests will be played this weekend as the Fighting Warriors visit East St. Louis tomorrow night, and then play Edwardsville on Saturday night.

Both are Southwestern Conference games and although the Warriors are all but officially out of the championship race, victories in these two games would be a big step toward a second-place tie.

Each league member plays 12 conference games. Triumphs in their four remaining Southwestern contests plus a Collinsville win over Belleville would mean at least a tie for the runner-up slot for the Warriors. Their other two games are Feb. 8 with Wood River and Feb. 21 at Alton.

The records of both the East St. Louis Flyers and Edwardsville's Tigers are a bit deceiving. The Flyers are 3-5 in the conference and 8-8 overall while the Tigers are 2-5 and 3-10. The Warriors' overall record is 10-4.

The Flyers actually have the potential to be a 750 team instead of the 300 club they are, but they seem to lack consistency. For example, they lost by only seven points in their game against Collinsville—then were defeated by the top-ranked Kaskaskia 74-49 in East Side's holiday tourney and 73-44 last Friday night.

And they have defeated Alton twice and Edwardsville's Flyers once, and held Belleville on a 11-point victory—but lost a two-point decision to last-place Wood River.

Consistency, however, has been no problem with the Edwardsville Tigers. They lost their first game, won their second and then lost nine in a row.

Now they are trying to be consistent in the other direction. They posted victories in their last two games over Roxana and Alton, and want to make Granite City 2-3.

Top scoring threats for East St. Louis are diminutive Cop Nunn (5-7) and Ernie Johnson (6-0). Edwardsville's top scorers have been Bob Hoskins (6-3) and Danny Seuss (6-0).

Granite City Coach Andy Sullivan said he will start Elton Hall (6-3), Jim Warren (6-1), Mike Rousseau (6-3), Larry Lilley (6-2) and Vince Deleva (5-8).

Sullivan said Lilley's injured right wrist is much better but he is bothered by a hip bruise, suffered in the same prep Jan. 18 at Shelbyville. Lilley is averaging 19 points a game.

Warren has been a key factor in the Warriors' lineup since start Jim Proffitt was sidelined three games back. He had 12 and 15 points in those contests and grabbed 12 rebounds in the last game against Alton.

Bye, Bye Birdie Traphotting was conceived by the British in the early 1800s due to lack of wild game. First they aimed at glass balls sprung from cups, then the present pigeons of baked clay came along about 1860.

Underwater Terminology The term "scuba" in scuba diver stands for "self-contained underwater breathing apparatus."

More Space For Y Judo Area

Expanded mat space and an additional lounge area for spectators are features of a project completed this week by the YMCA Judo Club.

The remodeling of the Judo Dojo area added 150 square feet to the more than 1200 square feet already reserved at the YMCA for judo activities. At present, there are 40 members of the judo club and 75 taking judo instruction.

The additional facilities will make possible an expanded judo program. Features of late winter and spring will include: Junior and youth contests on the first Saturday of each month; special karate instruction every Wednesday night; staging Feb. 12 for persons with Brown Belt degrees and above; and the sixth annual judo tournament tentatively set for April 11.

The YMCA Judo Club is chartered by the Amateur Athletic Association (AAU) and all members of the club are registered by the Judo Black Belt Federation (JBFF). Leonard Fuchs of Granite City is club president and Bob Korth of St. Louis is Black Belt advisor.

Lack Of Coordination Blamed For Probation

Lack of coordination between local and county authorities was blamed today for the release on probation of a man who was arrested on a five-year probation count.

Criticism flared and an investigation started after the release of Leonard Crane, 20, of 1015 Washington avenue, on Tuesday. He received a 90-day suspended sentence to the state prison farm at Vandalia and was placed on a one-year probation by Magistrate Gasparovic after he pleaded guilty to a charge of theft.

The first last week of a battery, fan belt, generator and two spare tires from an automobile constituted a violation of probation, and Crane could have been sent to prison.

Magistrate Gasparovic said he had not been informed that Crane was placed on probation on Jan. 25, 1963, on a burglary conviction in Madison county circuit court.

Those elected as patrol leaders were Barbara Love, Marie Greve and Sharon Koch, assistant leaders were Candice Kewala and Tina Bywater; Sheila Coggins, treasurer; and Judy Phillips, secretary.

The suit relates that Local 743 gave notice last June that it had chosen two arbitrators, but failed to make an effort to compel naming of arbitrators and scheduling of a hearing within 20 days; selection of a fifth arbitrator within ten days upon failure of the quartet to agree in five days; and granting of "other relief that the facts require."

Violation of an agreement with the local is charged. It is contended that the grievance was considered by the union representative at Coolidge, that it was not resolved at the principal level and that it was then referred to the superintendent.

Building To Be Remodeled For Medical Offices

Plans to remodel its building at 2044 Madison avenue into the Federal Medical Building were announced today by St. Elizabeth Hospital.

Four suites of medical offices will be created along with a prescription counter and a basement classroom-conference room.

Formerly occupied by the Mercantile Mortgage Co., the brick structure has 6000 square feet of space on its two main floors. Plans and specifications for the remodeling will be made available to contractors about Feb. 15, with bids to be opened in March. The building also

years ago housed the Illinois Terminal street car station, offices and a restaurant.

Dr. F. B. Diemola, who has a general medical practice, and Dr. Hector Zavallos, obstetrician and gynecologist, will occupy the second floor, which also will house the drug counter. Offices for two or possibly three doctors will be located on the first floor.

To maintain a professional rather than business relationship with physicians and surgeons, the hospital will not handle the lease arrangements directly. The Granite City Trust and Savings Bank will represent it in such matters and also will arrange for employment of a pharmacist.

St. Mary Thomas, hospital administrator, explained.

Suit Seeks Arbitration

On Former GC Teacher

Granite City Local 743, American Federation of Teachers, has just filed suit against the school district in an effort to compel arbitration on a grievance filed by Robert F. Holton, 2881 Madison avenue, former Coolidge junior high school speech and dramatics instructor, circuit court records showed yesterday.

A non-tenure teacher, Holton was not retained after the 1962-63 year due to ratings by his supervisors. His grievance says that he did not receive adequate supervision.

The suit relates that Local 743 gave notice last June that it had chosen two arbitrators, but failed to make an effort to compel naming of arbitrators and scheduling of a hearing within 20 days; selection of a fifth arbitrator within ten days upon failure of the quartet to agree in five days; and granting of "other relief that the facts require."

Musso May Invest Money

(Continued from Page 1.)

banks, would go to the county's general fund.

Musso said that the Maryland Casualty Co., surety on his bond as county treasurer and tax collector, frowns on investment of escrow funds.

"I'm the one who is responsible for this money, not the county board, and if anything should go wrong, I'm the one who would be hurt," he said after the meeting.

The treasurer said he was hesitant about investing the funds because of possible legal action by other taxing bodies, principally school districts, which have a tax funds tied up pending disposition in the court.

He said he plans to have a report prepared in time for the Feb. 19 or 20, the March meeting of the county board.

Musso also said that school districts could claim 70% of interest earned from such investments, but this is not provided in new state statutes, according to Briggs.

The treasurer reported that investment of excess funds from five separate county accounts earned \$30,338 last year. No protested funds were involved.

Taking note that Suit Hopt, M. Kaiser had suggested that Local 743 submit a broad outline of its future requests to aid in referendum planning, the board authorized him to confer with representatives of the local yesterday afternoon. This meeting was postponed yesterday to Feb. 7.

Picker pointed out that the conference plan differs from an agreement which calls for an informal meeting between the board and teacher union officers at the start of negotiations.

Other board members said negotiations are not yet starting, and the informal meeting can take place when they are about to start.

The teacher agreement is the only one currently unexpired; expires June 30, 1964. The other six groups have continued to work on the basis of previous contracts expiring June 30, 1963; terms of new agreements are to be retroactive.

Negotiations continuing virtually throughout the year, also the case last year, and in previous years, again were cited Tuesday night as limiting the time administrators can devote to other duties, including attention to the quality of the educational program.

Rev. Sims To Direct Washington Seminar

The Rev. Paul Sims, minister of the Niedringhaus Memorial Methodist Church, will direct a ministers' seminar in Washington, D. C., next week. As chairman and director of the Illinois Methodist Ministers' winter seminar, he will lead a group of 75 clergymen from throughout Illinois in three days of travel and study.

The seminar is a part of the in-service training provided by The Methodist Church of Illinois. In recent years seminars have alternated between Washington, D. C., and New York City where special emphasis was on the United Nations. Designed to acquaint the ministers with current national and international affairs, briefings are scheduled with outstanding figures in church and government.

Among the speakers will be Bishop John Wesley Lord, Bishop of the Washington Area of The Methodist Church; Dr. A. Dudley Ward, general secretary of the Methodist Board of Christian Social Concerns; Dr. William B. Walsh, founder and president of "Project Hope," the people-to-people program inaugurated by former President Eisenhower.

Other resource persons include Sen. Paul H. Douglas of Illinois, George McGovern of South Dakota, Secretary of State Dean Rusk and Dr. Arthur Barer, deputy assistant secretary of Defense.

Visits will be made to the State Department, the Pentagon, the Capitol, the Polish Embassy and other points of special interest.

Rev. Sims will culminate almost a year's planning by flying to Washington on Sunday evening where he will be joined on Tuesday by the participants of the seminar. He will return to Granite City on Feb. 7.

Passage Tuesday was by a 142 to 120 vote. Defeat of the first attempt resulted in a wide letter-writing campaign and school districts and teachers, causing a reversal of House opinion.

Plans To Strengthen GOP Here Announced

Increased efforts are being made this year to strengthen the Republican party in Granite City and in Madison county, according to Charles Barnett of Alton, chairman of the county Republican central committee.

He pointed to a full slate of GOP candidates for county offices, and noted that this is the first time in 10 years that the party has made sure of having candidates for each post on the ballot by the filing deadline.

It was hard work, he said, "but I am very well pleased that we were able to obtain good and qualified candidates for these positions."

A reception followed the ceremony. After a wedding trip to Hot Springs, Ark., the newlyweds will reside at 2304 Manley avenue.

The home was decorated with fresh flowers and around the wedding cake were corsages of pink carnations which were presented to the ladies.

Coolidge PTA Hears Berman On 'Adolescents'

Adolescence was the topic at a monthly meeting of the Coolidge Junior High PTA Monday evening in the all-purpose room.

The meeting was opened by Homer Johnson, Area PTA Council president, who gave the pledge of allegiance and PTA prayer.

Mrs. Elva Mae Spielend, unit president, conducted the business meeting and announced a nominating committee composed of Mesdames Betty Mobley, Mary Tarpoff and Georgiana McMillan. They will submit a slate of officers at the March meeting.

The president announced that a special project for the PTA this year will be to recognize a ninth grade student with scholastic ability. An award will be given to the student who achieves a 3.5 average in either semester; in the event a pupil maintains this average in both semesters, he will receive a double award.

Mrs. Wilma McQuinn, unit president, announced a book fair April 4 or 11 at the Bellefonte shopping center. Books being donated may be left at the Coolidge school, or the school may be called for pickup service. Included will be children's books, fiction, cook books and historical novels; the books must have all pages intact.

Mrs. Lois Haynes, program chairman, introduced Miss Shirley Faye, speech teacher at the school, who gave a brief summary of the speech course. She introduced four students, Pat Swan, ninth grade, who gave an oral interpretation, Mike Sparks, seventh grade, who gave a "tall story," and Linda Sabol and Mary Broski, ninth graders, who presented a song and dance routine.

Mrs. Haynes introduced Dr. Benjamin Berman, who spoke on "Living With an Adolescent." He said sex education should be taught in the home and is parents' responsibility; it should be continued in the school and from doctors and clergymen.

Adolescents' second problem is their drive for independence, including purchasing their own clothes and coming and going as they please. Parents must discipline their children and teach them to accept responsibilities in order to become an independent adult, the pediatrician asserted.

He closed with the idea that parents and children must "give a little and take a little," but that parents must remain firm in their judgment. Parents must be models for their children, he said. Refreshments were served by Mrs. Elsie Wood and Mrs. Norma Roney.

The next meeting will be held at the school March 16 with Dick Yates, athletic director, leading a program on the junior high athletic program. All school board candidates will be invited to speak at this meeting, and Girl Scouts will be recognized.

World Friends Sunbeams of Second Baptist Church met Tuesday afternoon to continue a study of the western United States. Upon arrival, the children participated in such activities as reading, puzzles and studying maps. The group then finished World Friends booklet projects begun previously.

Prayer was given by Margaret Ann Yates. There was group singing and a review of the previous week's work. Miss Evelyn Barnes, leader, told a story about mission work with the Chinese in America. Several additions were made to the "Our New Neighbors" chart, and closing prayer was given by Helen Newberry.

he held each Tuesday during January and on the first Tuesday in March.

Mrs. Betty Lewis was in charge and led the group in completing Indian picture dictionaries. On display were many Indian objects and also a large picture map of Indian America.

BACK-LASH

Today's troubles stem from the unpleasant, unperformed tasks we pushed aside yesterday.

A bull frog will try to swallow almost anything that moves, including insects, mice, and even birds. However, scientists have observed that the creature, when surrounded by immobile insects, will starve rather than strike at a still target.

The ermine belongs to the same family as the skunk.

Telephones In Use In World Nearing 160 Million

More telephones were added throughout the world in 1962 than in any previous year. Over nine million additional telephones were placed in service, bringing the world's total up to 159,500,000, according to the latest edition of "The World's Telephones." It was learned today from Paul O. Stout, local manager of the Southwestern Bell Telephone Co.

The largest previous gain was in 1959, when 8.8 million telephones were installed, Stout said.

Japan added more than a million telephones in 1962 and became the third-ranking country in total telephones. The United States ranked first with 80,969,000 telephones, followed by the United Kingdom with 8,311,000. Japan had a total of 7,356,007.

The figures were included in the 1963 edition of "The World's Telephones," released today by the American Telephone and Telegraph Co. All figures are as of Jan. 1, 1963, since it takes a year to obtain the data.

Rapid Gain In India
India had a greater percentage gain of telephones in 1962 than any other country, but it still ranked last among the 27 countries reporting 500,000 or more telephones. India reported it had 602,630 telephones, compared to 518,036 a year earlier. This was a gain of 16.3%.

Japan's increase of more than one million telephones was a gain of 15.9%.

New York City's 4,788,371 telephones at the beginning of 1963 outranked 20 of the 27 countries on the list.

TRAFFIC SAFETY STUDY AT WILSON SCHOOL

Traffic safety hazards in the vicinity of Wilson grade school are being cited by the Wilson PTA, which is calling particular attention to the times when parents are stopping to pick up children in front of the school.

It is being pointed out that safety patrols at crosswalks cannot see around autos parked close to the crosswalks, and that motorists cannot easily see children trying to cross the streets when there are numerous parked vehicles. A study is being made.

Mrs. Denise Schmitz, Harold Cavins and Mrs. Virginia Jenkins have been named to a committee to observe the school lunch hour.

Creation of a nominating committee will be on the agenda for the February meeting of the PTA unit. It will include one member of the PTA executive board and two members of the unit. Membership has reached 153, and additional members are being sought.

SCOUT COOKIE SALE, TRAINING PLANNED

The Juliette's of Neighborhood Five, District Four, of the River Bluffs Girl Scout Council held a monthly meeting Tuesday evening at the Nameoki Presbyterian Church, with 35 members in attendance.

Mrs. Arlene Brinkmeyer, neighborhood chairman, opened the meeting by giving the Girl Scout promise. Election of a new secretary was held; the former secretary, Mrs. Velma Farrance, had resigned from the office. The new secretary will be Mrs. Betty Bell.

The president announced that the annual cookie sale will begin with the kickoff at the Granite City Press-Record Page 18 Thurs., Jan. 30, 1964.

Washington theatre Feb. 22 at 9:30 a.m. Sales will begin immediately following the gathering and will continue until Mar. 1. Delivery will be made on April 5, 9 and 10. Brownies will not sell the cookies; only Girl Scouts will handle the sale.

Other announcements included the Thinking Day project to be held Sunday, Feb. 9. District leaders and girls are being invited to attend, and the theme will be international. Preceding the meeting, table displays will be shown of articles made by the Girl Scouts, including items from other countries.

Leaders were reminded to have their troops complete "bunny boxes," an Easter project, to be taken to patients at the Alton State Hospital after being filled with homemade candies and cookies.

On Feb. 27, the Big River Bluffs Council will hold a meeting at the First Presbyterian Church in Belleville to elect new council officers. All delegates are being urged to attend.

The Juliette's have agreed to have all future meetings at 9:30 a.m. instead of in the evening.

Mrs. Brinkmeyer announced a basic training course March 3, 5, 7, 12 and 14. Those wishing to attend may register with their neighborhood chairman, and a \$1 fee will be required at the time of registration.

The next meeting is scheduled for Feb. 25 at 9:30 a.m. at the Nameoki Presbyterian Church.

JANUARY MEETING OF PRESBYTERIAN WOMEN

Mrs. Ruth Wilson was hostess Tuesday evening to the United Presbyterian Women's Evening Circle in her home, 4062 Vesel Avenue, for its regular January meeting.

Mrs. Freeling read missionary names for the day and the "Fellowship of the Least Coin," a missionary group. Prayer was offered in their behalf.

Mrs. Wilson gave the study for the meeting, entitled "What You Are." The meeting was closed with prayer, and announcement was made that the next meeting on Feb. 25 will be held in the home of Mrs. Edith Simpson, 2852 Benton street.

The hostess served refreshments to those named and Mesdames Fern Mitchell, Bea Pyle, La Pyle, Erma Taylor, and Adele Gregory, the president, Bonnie Britton, and Mrs. Spitholde and Rev. Wilson.

Checklist Devised For Sewer Lift Stations

Frequent, three-times-a-week inspections of lift stations in the Nameoki area sanitary sewer system are included in the suggested practices to insure good operation of the stations prepared by Sixth Ward Alderman William McGee.

The alderman explained this week that the inspection program, approved by the council, should be instituted along with the approved installation of a warning system to alert property employees should there be a failure of the mechanism.

Frequent inspections are recommended by the manufacturers, and a checklist is to be prepared to be kept at the street department garage. McGee suggested at least four or five street department workers be trained for troubleshooting.

In addition, it is recommended spare parts be kept in stock and that a service engineer make periodic inspections and adjustments. McGee suggested E. W. Markward of Belleville as the service engineer.

Police Would Aid

It is recommended that all policemen, once the warning system is installed, be acquainted with locations of the lift stations in order to cooperate in a proposed program to alert residents of the area involved should there be a failure at a lift station.

Specialized Treatment For Dental Problems

(This is the fifth in a series of six articles on dental health published by the Press-Record in cooperation with the Tri-City Dental Society in observance of National Children's Health Week, Feb. 2 through 8.)

The body has many specialized parts, and the health professionals have had to develop dozens of specialties to treat these parts and the diseases which afflict them.

Within dentistry, there are also specialties. There is, for example, pedodontics, or children's dentistry.

And there is orthodontics, a field which deals with the problems of malocclusion (poorly aligned teeth).

It is estimated that about 50% of the nation's children are in need of some form of orthodontic supervision—for protruding teeth, jarring or receding jaw or poorly spaced teeth. This problem is most common during the time the permanent teeth are erupting.

Reasons For Treatment

Orthodontic ailments, if not treated, can easily lead to faulty speech, malnutrition and emotional disturbances. The emotional disturbances stem from self-consciousness about facial deformities caused by malformed mouths.

Additionally, when teeth do not meet properly, added strain is placed on the gums and supporting bones, which usually leads to periodontal or gum disease.

Another dental specialty is periodontics.

Periodontal disease is usually thought of as an adult disorder, but its incidence is disturbingly high among children.

Gum Disorders

This disease—really a number of diseases grouped under the one heading—has many causes. There is the stress previously mentioned, there are local irritants such as tartar or calculus, and there is poor nutrition.

Symptoms of this disease are a bad mouth odor, excessive inflammation, sensitive gums and, usually, bleeding.

Early detection and good oral hygiene at home under the watchful eyes of the parents are the best weapons against the disease.

Pulp Of Teeth

A fourth specialized area, although not a formal specialty, is endodontics, a field dealing with treatment of the pulp or "nerve" of the tooth. In endodontic treatment, teeth whose pulps have been affected by deep decay or injury are preserved by partial or complete removal of the pulp.

The canal is then filled and capped to prevent penetration of bacteria or fluids into the tooth.

Through this process, teeth which would have been considered lost a few years ago can now be saved and made useful for a lifetime of service.

The family dentist, the dental specialists and the parents form a team which can give a child a firm foundation of dental health on which a lifetime of good dental health can be built.

Gas Leak Alerts Firemen

Granite City firemen were dispatched to a house at 2818 Dale avenue at 11:50 p.m. Monday. There was no fire, but there was a gas leak in the rear of the home, and the fire department stood by until the arrival of an Illinois Power Co. crew.

Vandals Damage Fence

George Highfield, 2801 E. 25th street, reported to Granite City police Tuesday that vandals damaged 24 pickets and two corner posts of his fence.

A RECITAL will be given by Howard Korp, assistant professor of piano at the University of Illinois, under the sponsorship of Northwestern Illinois University's Fine Arts Division, Feb. 7 at the Alton auditorium of the school. In 1960-61 Korp studied in Vienna, Austria, under a Fulbright grant.

Slight Drop In McKinley Bridge Traffic In 1963

Traffic over the Venice-owned McKinley Bridge in the 1963 calendar year amounted to 4,821,315, a slight drop from the 4,871,748 vehicles using the bridge during the fiscal year that ended Sept. 30. The difference is in the extent of traffic in the fall of 1963, as compared to the fall of 1962.

Further comparisons show 4,821,315 crossings in calendar 1962 and 4,742,868 in the October 1961-September 1962 year.

Bridge traffic each month was running ahead of the same month of the previous year through May 1963. It showed an increase over the year-month again in July but has trailed each month since then, apparently reflecting highway improvements south of the Quad-Cities.

The last monthly report shows 399,825, a daily average of 12,897 in December 1962, compared to 400,446 and 12,917 in December 1962. The close margin reflects a sharp improvement over October and November, which trailed the previous year by 27,000 and 22,000 vehicles, respectively.

The record month remains August 1962, when autos and trucks averaged 14,264 each day for a 442,196 monthly total.

Throughout the state, the U.S. bonds purchased totaled \$399,771,889; while nation-wide, the purchases amounted to \$4,760,000,000.

Gibson Drops Plans For Young Demo Post
Robert G. Gibson of Granite City, treasurer of the Young Democrats of America who this week is attending its national convention in Las Vegas, Nev., has dropped plans to seek the national presidency of the organization.

He said there might be a conflict between the post and his position as secretary-treasurer of the Illinois Federation of Labor AFL-CIO, and that the assassination of President Kennedy drained him of much of the interest in the organization.

Gibson was appointed to the labor post last July and was elected to a two-year term in August. Being an officer of a state labor group and dealing with union members affiliated with both parties might pose a conflict of interest, he explained.

When he first considered seeking the presidency of the Young Democrats, he was only a staff representative of the state labor group. He also said the death of the President had a personal effect on him and took a lot of fun out of his activities in the organization.

Gibson left by air Monday afternoon for the convention which started Tuesday and will continue through Saturday.

Date Of GC School Bond, Rate Vote Still Indefinite

A construction bond issue and tax rate election — tentatively slated for April 11 but not yet formally scheduled — was discussed by the Granite City school board Tuesday night.

With President Ralph Fricker announcing the likely scheduling of an educational workshop on "Preparing to Win the Next Referendum," the board decided to send Supt. Harold M. Kaiser and one board member, possibly Ronald Dillard, to the election of two board members — current terms of President Ralph Fricker and Secretary George Stidham expire this spring — with the filing period set for Feb. 26-Mar. 21.

Filing Arrangements Stidham will be at the board office from 8 to 9 a.m. Feb. 26 to handle the start of filing. Petitions will be filed with Mrs. Martha Rochester, secretary to Dr. Kaiser, from then until noon Mar. 21. Filing will take place only at the board office and during its regular hours.

The bond proposal involves construction of additional school buildings; efforts to retain the one of the existing schools, Coolidge junior high school, also were discussed Tuesday night.

Time Running Out The April 11 date is the day of the annual school election. While committed to proceeding with a bond election, the board has not yet restricted itself to that date, and some concern is being voiced privately over the amount of time left for advance preparations.

No indication of a speech in planning was given Tuesday night. The next regular meeting Feb. 11 was described as including only routine business, and it may be started at 7 p.m. instead of the 7:30 to enable board members to attend the Granite City high school basketball team's game at Madison high school that night.

'Early' Adjournment Another said that the last time the board tried to adjourn early at a game, its business sessions lasted until 2 a.m. A third noted that while the Feb. 11 agenda may appear to be brief

was assigned to the superintendent of streets.

Architect Henry Gabriel conferred with the Fire and Water committee following the regular council session on the design of the new fire station building for West Granite. The committee is to decide if the station is to be built at the present Canyon street site or at a possible location further west on Rock road.

Educational Program For Nurses Scheduled The continuing education program for nurses of the Quad-Cities will be held next Wednesday, Feb. 5, with Dr. John Riley, member of the inhalation therapy committee at St. Elizabeth Hospital, as speaker.

Charm Bracelet Presented

New JA Queen Honored At Surprise Reception

Betty Eberhart, was given a charm bracelet from three sponsoring Miss Junior Achievement of the Mississippi Valley Area, at a surprise reception Monday night at the Junior Achievement business center.

Charles Tichenor, assistant works auditor at American Steel, made the presentation before 70 youths who were attending the center that night.

Miss Eberhart, 17, is a senior at Granite City high school and is the daughter of Mr. and Mrs. Wilfred Eberhart, Mitchell.

At the center she is secretary of Thirco, a company engaged in making matches. Just last Friday, she was crowned Miss Junior Achievement at a banquet in St. Louis by Miss Anne Newhard, the St. Louis Veiled Prophet queen, selected over candidates from seven other centers in the region.

John Lakin, transportation supervisor at A. O. Smith Corp., is manager of the center, which is open Monday through Thursday nights.

The homemaking department, with monetary assistance from the Future Homemakers of America, is painting, re-upholstering and sewing to complete the cleanup process.

Most of the refurbishing is taking place in the large living room which includes a dining area at one end. The girls have already completed the painting in that room. At present they are sewing draperies to be hung at the two large windows in the living room and in the bedroom.

All of the work is being done by girls in the two homemaking classes. During school hours, they study interior decorating.

Before any of the plans could be started, each girl was required to write a paper on how she thought the apartment should look. They also took a recent trip to a furniture store to look at types of furniture.

The apartment was built in 1929 and has never been redecorated. The girls are not sure if it has ever been repainted.

The furniture is traditional Duncan Phyfe. Miss Carol Meinmann, homemaking teacher, plans to invite guests to view the completed project.

Teenagers Plan Government Meet At State Capitol

Delegates from Granite City will be among Illinois YMCA youths to take roles of governor, senators and representatives in the 15th Youth & Government conference to be held April 24 and 25 in Springfield.

The teenagers currently are preparing bills concerning needed legislation which they will debate in their mock legislature.

In past years laws which were presented and passed by both houses and signed by the youth governor during the conference have been passed later by the General Assembly and become state laws.

Thirty girls at the local Y sold candles during the Christmas season to help pay their way to Springfield. They raised \$175.

In addition to 21 observers who will attend, four girls will take leading positions as legislators at the conference. They are Janet Barton, Judy Matras, Sharon Luebbert and Delores Baumbarger.

The first meeting of the Congress will be a pre-legislative conference at the Springfield YMCA building on Feb. 8 where officers of the Congress will be elected.

Tribute To Late President Kennedy Written By Student

(Editors note: The following memorial tribute to the late President Kennedy, being distributed in some local schools, was written by Barbara Jones, 15, a sophomore at a Yonkers, N.Y., high school as an English assignment. She calls it "Special Delivery from Heaven.")

To: The Kennedy Family
From: John Fitzgerald Kennedy
Sorry I had to leave right away.
I look down and smile at you every day.
Little Patrick asks to say "Hi."
I love you, I'm happy, so please don't cry.
And Caroline, I'd like to say
How Proud Daddy was of you that day.
When you stood like a lady and watched me go by.
And doing as Mommy did,
You tried not to cry.
Little John, now you're the big man.
So take care of Mommy the best you can.
You were just like a soldier—that salute was so rare.
Thanks for the flag you placed on my grave.
And Jackie, there was no time for goodbye.
But I'm sure you could read "Panewell" in my eye.
Watch over our children and love them for me.
I'll treasure your love through eternity.
So please carry on as you did before.
Till all of us meet on Heaven's bright shore.
Remember I love you.
Remember I care.
I'll always be with you.
Though you don't see me there.
Love,
Jack

Stop dry air damage all during the heating season

THAT "DRIED OUT" FEELING

Heated air in the average home is drier than the Sahara desert. This means dried-out nasal tissues and discomfort. It can pave the way for coughs and colds. When you heat—humidify.

FURNITURE COMING UNGLUED

Dried-out air in your heated home damages furniture, pianos, carpet and drapes. To prevent cracks, unglued joints, take this advice: when you heat—humidify.

OVERHEATING TO KEEP WARM

If you and your family feel cold no matter where you push the thermostat, watch out. You may be overheating because dried-out heated air feels cold when it isn't! When you heat—humidify.

TRY THIS HUMIDIFIER FREE

Prove it to yourself. We'll put this handsome, automatic Toastmaster humidifier in your home and let you use it for five days FREE. Then, if you wish, it's yours for \$5 down, balance monthly. Call your Illinois Power office.
